// 1. Versatilità_Versatile

tre concetti progettuali // three project concepts

Dare risposte a più tipologie abitative prestabilite o trasformative, in quest'ultimo caso consentendo di progettare diverse modalità di utilizzo degli spazi.
// To provide different types of dwellings with established solutions or ones for transformation, where space is designed with new layouts.

Dalla camera principale alla cabina guardaroba, dagli spazi di passaggio ai locali di servizio, differenziando la qualità estetica delle soluzioni progettuali e compiendo sempre scelte giuste, anche nel prezzo. Tutto questo attraverso diverse tipologie di arredo ed un'ampia gamma di facciate: dall'anta con cornice in alluminio, scorrevole o battente piena con finitura materica al pannello liscio con maniglia a tutta altezza o a ridosso.

From master bedrooms to walk-in closets and areas leading to service rooms, we differentiate the aesthetics of the solutions and make the right decisions, also regarding price. This comes about by using different types of modules and a wide range of fronts: sliding or hinged doors with aluminium frames and textured finishes or plain panels, with full height or applied handles.

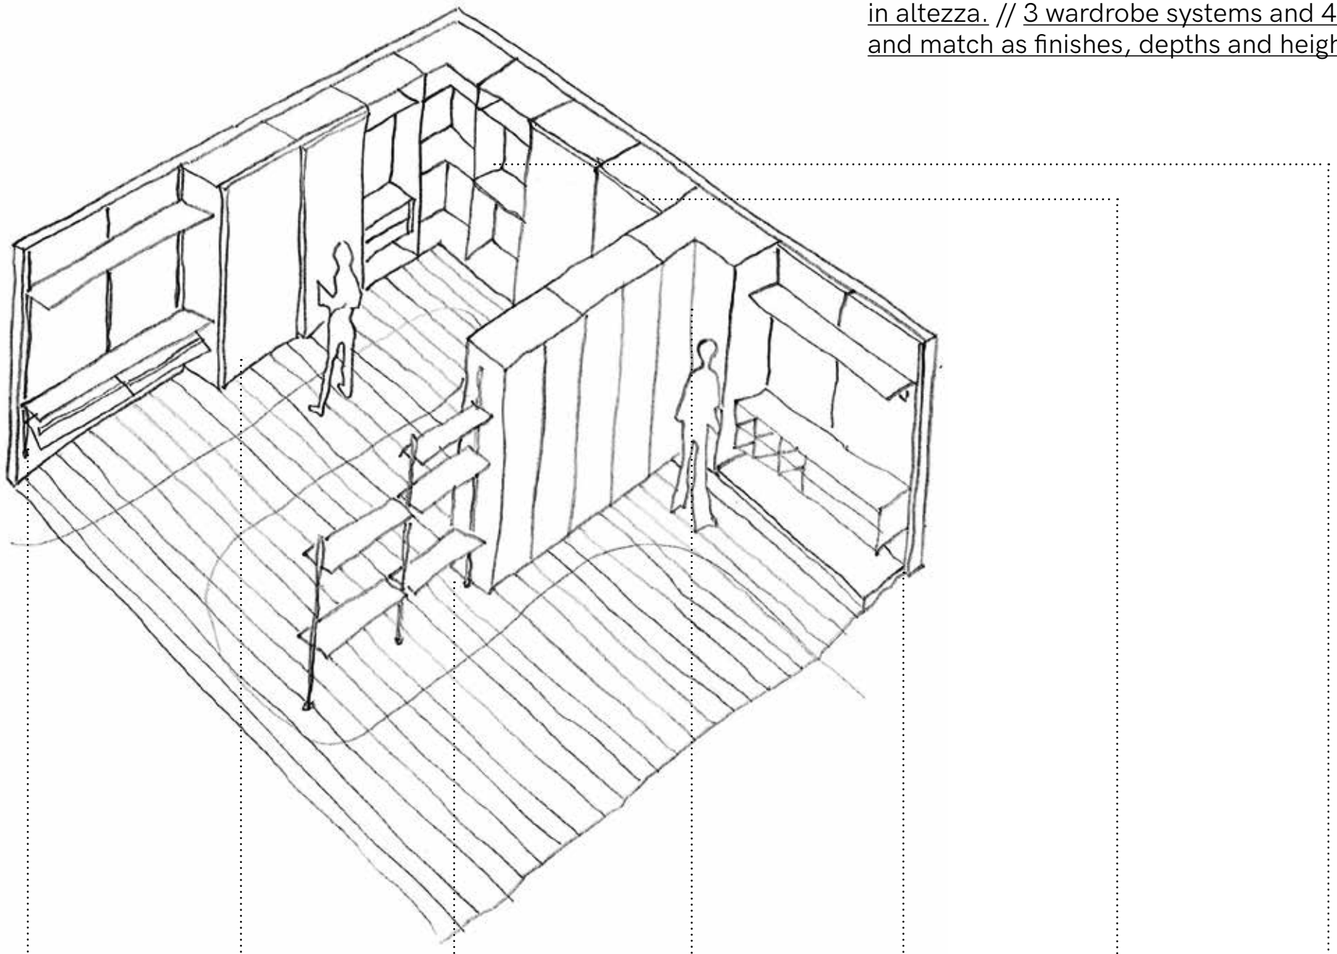

// 2. Trasversalità_Transversal

tre concetti progettuali // three project concepts

3 sistemi armadio e 4 sistemi cabine armadio combinabili e compatibili per finiture e dimensionamento, in profondità ed in altezza. // 3 wardrobe systems and 4 walk-in closets, all mix and match as finishes, depths and heights are all compatible.

Risolvere esigenze diversificate di contenimento o più specificatamente legate alle caratteristiche fisiche dello spazio abitativo attraverso la trasversalità dei sistemi: battente, scorrevole, complanare, cabina armadio nelle diverse soluzioni a spalla, cremagliera con e senza pannello di tamponamento, palo con fissaggio a parete o soffitto.

Transversal systems meet different storage needs or adapt to the space available: hinged, sliding or coplanar doors, walk-in closets with several load-bearing solutions, racks with and without filler panels, and poles fixed to the wall or ceiling.

// 3. Spazialità_Spacious

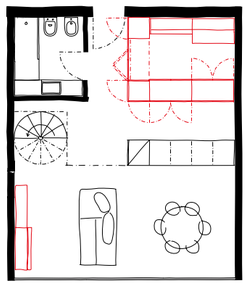

tre concetti progettuali // three project concepts

Articolare lo spazio generando soluzioni che contengono le funzioni abitative, in modo flessibile e senza la necessità di partiture verticali, con sistemi retrofiniti, accostabili schiena con schiena per tutti i moduli e funzioni, su misura nelle tre dimensioni. // Organize space to obtain flexible home storage solutions that do not need vertical partitions and are finished on the back, or can be placed back to back. All modules and functions are available with these features, customisable in a choice of three dimensions.

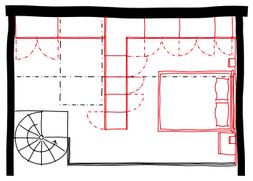

Nello stesso open space, dalle dimensioni contenute di 70 mq, e nella stessa unità residenziale, dalle dimensioni importanti, quattro progetti d'arredo che articolano lo spazio secondo le proprie esigenze ed il proprio gusto.

Four decor projects that organise space to meet your personal taste and needs, in an open concept with compact dimensions of 70 m^2, or a large residential unit.

HOME AND NIGHT SYSTEMS

Sistemi di arredo che diventano strutture architettoniche fruibili in tutte le aree della casa secondo nuovi schemi abitativi - il design che genera spazio. Elementi di contenimento spesso multifunzionali, sempre più dinamici e ridotti, per rispondere alle esigenze dell'abitare contemporaneo.
// Decor systems become architectural structures that can be used throughout the house, as new home design dictates – space-generating design. Storage elements are often multi-purpose, ever more dynamic and compact to meet the needs of a contemporary lifestyle.

modulo letto con rete a ribalta e modulo mansardato // bed module with fold-away base and loft module for sloping ceilings

I moduli con ante di finitura posteriore creano due aree distinte della casa senza l'utilizzo di pareti murarie e grazie alla riduzione a misura in altezza seguono il soffitto mansardato. Il modulo letto dotato di rete a ribalta è disponibile in tre differenti misure: letto singolo, a una piazza e mezza o matrimoniale.

Modules with rear finishing doors create two distinct areas without the need for masonry walls. Height can be cut to size to follow the line of a loft ceiling. The bed module with fold-away base is available in three different sizes: single, queen-sized, or double.

modulo scrittoio // desk module

L'armadio Alterna è completo di modulo scrittoio con piano dotato di boccola passacavi e luce a Led.
